

TYPE A DEAD MAN CONTROLLER

00-DC-3A	Push to Run, 3 phase type A Controller, with UP-DOWN contactors and push buttons, in IP65 enclosure	\$149.00
00-DC-1A	Push to Run, 1 phase type A Controller	\$187.00
00-DC-VSD	Push to Run, VSD type A Controller	\$1320.00

TYPE M MAINTAINED CONTROLLER

00-DC-3M	Maintained UP, Push to Run DOWN, 3 phase type M Controller, with contactors, overload and UP-STOP-DOWN push buttons, in IP65 enclosure	\$220.00
----------	--	----------

AUTO LOGIC / RADIO REMOTE CONTROLLER

00-AL2	Complete stand alone, multi-mode, automatic Door Controller for single or 3 phase motor In IP65 enclosure with pad-lockable isolator, contactors, electronic overload relay, multi-mode logic board, with mode switch and adjustable timers. Beam and radio controls are extra. Modes are Toggle (Radio Remote), Auto Close and Security Close.	\$1210.00
--------	--	-----------

00-AL-VSD	Complete stand alone, multi-mode, automatic Door Controller with integral VSD for single phase supply and 3 phase motor, soft start and stop and variable speed. In IP65 enclosure with pad-lockable isolator, contactors, multi-mode logic board, with mode switch and adjustable timers. Beam and radio controls are extra. Modes are Toggle (Radio Remote), Auto Close and Security Close.	\$2310.00
-----------	--	-----------

00-RR-3	Complete stand alone, multi-mode Automatic Controller, single or 3 phase, with UP-DOWN contactors and overload relay, UP-DOWN button, Modes are Toggle (Radio Remote), Auto Close and Security Close	\$627.00
---------	--	----------

00-RR-3KIT	Complete stand alone, multi-mode Radio Remote Controller, single or 3 phase, with UP-DOWN contactors and overload relay, UP-DOWN button, and LRX-1E radio receiver and 1 – LTX-1 Remote Beam is extra Modes are Toggle (Radio Remote), Auto Close and Security Close	\$891.00
------------	--	----------

00-RRI-1	Radio Remote Interface for retrofit to local starter, motor set or tube motor	\$385.00
----------	---	----------

00-RRI-1KIT	Radio Remote Interface kit for retrofit to local starter, motor set or tube motor, comprising RRI-1 unit, LRX-1E Receiver and 1 – LTX-1 Remote Beam is extra. Toggle mode only.	\$649.00
-------------	---	----------

ACCESSORIES

00-SB-3	Safety Beam, through beam type, 10m range 12-24V AC/DC, IP65	\$248.00
00-LRX-1E	Radio remote receiver, Universal type with antenna, 12-24V AC/DC	\$192.00
00-LTX-1	1 button <i>keychain</i> transmitter 300MHz	\$72.00
00-LTX-2	2 button <i>keychain</i> transmitter 300MHz	\$99.00
00-LTX-1V	1 button <i>visor</i> transmitter 300MHz	\$72.00
00-LTX-2V	2 button <i>visor</i> transmitter 300MHz	\$99.00
00-LTX-3V	3 button <i>visor</i> transmitter 300MHz	\$115.00
00-LRX-C5	Coax Antenna Kit 5m.	\$66.00
00-LD-1	Loop Detector DSP-7 "Plug and Play" 10-30V AC/DC	\$264.00
00-DSP-10	Loop Detector DSP-10 "Universal" 10-30V AC/DC	\$286.00
00-CL80	Hard Wired Keypad, IP54 outdoor/indoor, 12/24V AC/DC supply	\$264.00
00-UPS750SW	Battery backup UPS for 230V single phase 0.37kW – for 3 phase motor use 00-DC-VSD or 00-AL-VSD Controller	\$860.00
00-UPS1000SW	Battery backup UPS for 230V single phase 0.75kW – for 3 phase motor use 00-DC-VSD or 00-AL-VSD Controller	\$1120.00

KEY SWITCHES

Heavy Duty, stainless steel plate and enclosure. 6 pin Lockwood 5 profile, with random key, and can be fitted with most types of security cylinder, and master keyed.

Light Duty all have same key no, and cannot be changed.

00-KS-HDF	Flush Plate UP-DOWN	\$198.00
00-KS-HD	Enclosed UP DOWN	\$385.00
00-KS-LD	Light Duty UP DOWN enclosed	\$165.00

DOOR MOTORS

LEES TECH Heavy Duty Roller Shutter Motors are specially designed for the Door and Grill industry, are rated for *High Cycle* application, feature high starting torque, IP55 enclosure, diecast aluminium frame, with cooling fins and fan for low temperature rise and long life.

Single Phase 230V 50Hz

01-ML7124	0.37kW 0.5hp D71 B34 frame foot and face mounting	\$187.00
01-ML8024	0.75kW 1.0 hp D80 B34 frame foot and face mounting	\$275.00

3 Phase 400V star or 230V delta 50Hz

01-RMS7124	0.37kW 0.5hp D71 B34 foot and face mounting	\$165.00
01-RMS8024	0.75kW 1.0hp D80 B34 foot and face mounting	\$231.00

DOOR OPERATORS

LEES TECH *High Cycle* Roller Shutter Operators feature a heavy duty industrial TEFC motor coupled to a cast aluminium gearbox.

Compatible with the full range of **LEES TECH** Controllers and Accessories.

3 phase 400V Operator

01-LT037-3P	0.37kW 3 phase HCR Operator 30:1 ratio	\$842.00
01-LT037-3P	0.37kW 3 phase HCR Operator 50:1 ratio	\$891.00
01-LT075-3P	0.75kW 3 phase HCR Operator 50:1 ratio	\$1023.00
01-LT110-3P	1.1kW 3 phase HCR Operator 50:1 ratio	\$1293.00
01-LT150-3P	1.5kW 3 phase HCR Operator 50:1 ratio	\$1485.00
01-LT220-3P	2.2kW 3 phase HCR Operator 50:1 ratio	\$1925.00

1 phase 230V Operator

01-LT037-1P	0.37kW 1 phase HCR Operator 30:1 ratio	\$842.00
01-LT037-1P	0.37kW 1 phase HCR Operator 50:1 ratio	\$891.00
01-LT075-1P	0.75kW 1 phase HCR Operator 50:1 ratio	\$1056.00

Operators include 8m of hand chain, but drive sprocket and mounting bracket are extra

Prices ex works, Auckland, plus freight and GST.
